

To Whom It May Concern,

I benefit from listening to XM Satellite Radio and it's traffic and weather channels. I pay for the variety and quality of radio that I cannot find anywhere else. It should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.

Sincerely,

Alexandra Dey
